## Missing Parishioners

As parishioners we need to be aware that if we don't see anyone for a few weeks we should find out what has happened. Sometimes it is due to the fact that a bus route has changed and it's time and no longer ties in with the mass times.

Please contact the office as soon as possible if you become aware of anyone who has not been seen for a while and we will make arrangements for someone to keep in touch with them if they so wish.

### Protect St Agnes Church

In recent weeks there has been vandalism directed at St. Agnes Church in Huyton resulting in 8 broken windows. I am asking for your help and support in catching the person / group responsible for this. The Police are aware of this and security in and around the church will be stepped up. If you are in the vicinity of the church and the car park please be vigilant. The car park is private and is only used during Church services / funerals etc. If you see anything that raises your suspicions please contact Huyton Police or the Parish office on 0151 489 3085. Together we can stop this and keep our Community safe. Thank you.

Fr. Anton

### SAST (St Agnes Security Team)

SAST has been formed to try to combat the recent spate of vandalism being carried out against St Agnes Church. We are not a vigilante group and our aim is not to apprehend, or even confront, but to try to identify the individuals concerned and report them to the police. To that end we are carrying out irregular checks on the church in the evenings by walking around and driving past preferably in pairs. If you feel you can contribute to this effort and want to be involved in protecting our building then please contact any SAST member, the Church office or Bryan Blois

## Easter is a Faith Moment

We might identify with the women through the events of that first Easter morning. They came to search and found an empty tomb. Then they were told they were looking in the wrong place: 'Why look for the living among the dead?' Finally they had to adjust to the staggering good news that Jesus was alive when they thought he was dead. Does their story remind us of our journey when we found life again where we thought there was none? We discovered that we had been looking in the wrong place.

No one **saw** the resurrection because there was nothing to **see**. The crucifixion is an historical event; the resurrection is a faith event. Easter is more than a feeling moment. It is a faith moment.

We can know little Easters all year round and if we develop a recognition of and a taste for them, they will deepen our faith in the Resurrection even when we do not feel the joy at the time of its celebration.

Our little Easters are those moments when we feel hope press against our spirit. Our little Easters are those moments when something that has died in us is raised to life again. They provide quiet reassurance that God keeps raising dead parts of our spirit to life.

We live the Resurrection when we try to live in the present moment, when we allow the Resurrection to change us now.
